PECB BEYOND RECOGNITION

PECB ISO 31000 Foundation

Accredited by ANAB

Become acquainted with the best practices of Risk Management based on ISO 31000

Why should you attend?

The ISO 31000 Foundation training course presents the basic principles and approaches of managing risks and opportunities based on the guidelines of ISO 31000. This training course focuses on the main components of ISO 31000: basic terms and definitions, principles of risk management, risk management framework, and risk management process. In addition, each step of the risk management process is analyzed and elaborated individually.

Upon completion of the training course, you can sit for the exam and apply to obtain the "PECB Certificate Holder in ISO 31000 Foundation" designation. The certificate demonstrates that you understand the fundamental concepts of risk and methodologies for risk management based on the guidelines of ISO 31000.

Who should attend?

- Risk management professionals
- Individuals seeking to gain knowledge about the ISO 31000 guidelines for risk management principles, framework, and process
- Individuals responsible for the creation and protection of value in an organization
- Personnel tasked with managing the risks and opportunities in their area of responsibility
- Individuals interested to pursue a career as a risk manager

Learning objectives

Upon successful completion of this training course, the participants will be able to:

- Summarize the main concepts and principles of risk management as articulated in ISO 31000
- Explain the ISO 31000 guidelines for establishing the risk management framework
- Describe the application of the risk management process in accordance with ISO 31000 guidelines

Course agenda

DURATION: 2 DAYS

- **Day 1**: Introduction to risk management, ISO 31000 components, and initiation of the risk management process
- **Day 2**: Risk assessment, risk treatment, recording and reporting, monitoring and review, and communication and consultation according to ISO 31000

Prerequisites

- There are no prerequisites to participate in this training course

Examination

DURATION: 1 HOUR

The exam fully meets the requirements of the PECB Examination and Certificate Programme. It covers the following competency domains:

- **Domain 1**: Fundamental principles and concepts of risk management
- **Domain 2**: Risk management framework and risk management process

For specific information about exam type, languages available, and other details, please visit the List of PECB Exams and the Examination Rules and Policies.

Certificate requirements

First, a candidate needs to complete the PECB ISO 31000 Foundation training course. Then, they need to take the exam and after successfully passing the exam, candidates will be able to apply for the "PECB Certificate Holder in ISO 31000 Foundation" certificate. This is an entry-level credential.

There are no prerequisites on professional or management system project experience required. Thus, following the training course, passing the exam and applying for the certificate are the only certificate program requisites that certificate holders shall meet before obtaining the certificate.

For more information, please refer to the Certification Rules and Policies.
